

Dear Mr Adams,

You did a great job last week explaining the process to the crowd at the elementary school. However, as a homeowner and Georgia resident for 37 years, I am opposed to the "backward step" of rezoning for industrial use. The mill may have smelled "like money" to some, but it smelled like pollution and toxins to me. Please vote with the wishes of the Kings Bay Naval Submarine Base, our #1 employer. If EDICCIMAD is honest, we do not need a barge. We need the Navy!
